Twister™ Diamond Cleaning

4 Step System - Cleaning and Polishing

Twister™ Red

400 Grit (as needed)

For heavy duty cleaning of worn stone floors. Twister™ Red will effectively remove scratches and stains from the floor and leaves a clean, matte surface prepared for the subsequent Twister™ steps.

Use on machines up to 350 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

Twister™ White

800 Grit

Twister™ White will effectively remove light scratches and stains from the surface and leaves a clean, matte surface prepared for the subsequent Twister™ steps.

Use on machines up to 3000 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

Twister™ Yellow

1500 Grit

The Twister™ Yellow begins the polishing process. The Yellow pad brings out the initial luster of the floor's surface and prepares the floor for the final step of high gloss maintenance.

Use on machines up to 3000 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

Twister™ Green

3000 Grit

The Twister™ Green is the final step in this process and will bring out a high gloss appearance on stone, terrazzo, smooth concrete, VCT and linoleum. The Twister™ Green is also ideal for daily maintenance.

Use on machines up to 3000 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

The Twister™ Red, White, Yellow and Green are available in the following sizes: 5", 8", 10", 11" 12", 13", 14", 15", 16", 17", 18", 19" 20", 21", 24", 27", 28", 14" x 20", 14" x 28" and 14" x 32"

Note: When placing a Twister™ pad on a floor machine, the gray printed side is placed facing the machine and colored side facing the floor. 20" and larger Twister™ pads will have a neutral color to the diamond application side instead of the actual pad color.

Super Life System - Cleaning and Polishing - Coated Floors

Twister™ Purple

Twister™ pads work effectively in daily cleaning on all coated floors. A Twister™ Purple pad and water is all that is required to remove dirt from the floor. For optimal shine, buff the floor using a Twister™ Gray pad on a high-speed burnisher.

Use on machines up to 350 rpm.

The Twister™ Purple is available in the following sizes: 13", 14", 15", 16", 17", 18", 19" and 20"

Twister™ Gray

The Twister™ Gray pad has been specifically developed and designed for coated floors in high traffic areas.

Produces a super high gloss finish when burnishing floors.

Use on machines up to 3000 rpm.

The Twister™ Gray is available in the following sizes: 16", 17", 20", 21" and 27"

Twister™ Red may also be used for deep cleaning or scrub and recoat applications.

Hybrid™ Restoration System

Hybrid™ Red

Removes scratches, wear and staining on natural stone and terrazzo floors.

Use on machines up to 350 rpm.

Hybrid™ Black

The Hybrid™ Black is the most aggressive of the Hybrid™ series. It will remove minor scoring, lippage, excessive wear and staining.

Use on machines up to 350 rpm.

Hybrid™ consists of diamond segments in two different grit sizes, combined with a diamond impregnated pad attached to a soft Velcro holder.

Available in 13", 14", 17", 20" and 21" sizes. For large areas use auto scrubbers with sufficient down pressure.

DiaMEND™ Screens

Twister™ Starter Pack Plus

The Twister™ Starter Pack Plus contains 4 essential pads for the ultimate results when using the Diamond Cleaning System. Contains:

- 1 Twister™ Red
- 1 Twister™ White
- 1 Twister™ Yellow
- 1 Twister™ Green

Available in 17" and 20"

Twister™ TXP Red 400 Grit

The Twister™ TXP Red is a blended natural and synthetic fiber pad for use on heavily worn natural stone or concrete floors. It is effective for extra heavy-duty stripping, and stain or etch repair and light honing.

Use on machines up to 350 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

The Twister™ TXP Red is available in the following sizes:

5", 8", 10", 11" 12", 13", 14", 15", 16", 17", 18", 19" 20", 21", 24", 27", 28", 14" x 20", 14" x 28" and 14" x 32"

Diamond Screens for Floor Restoration

Restores damaged floors to like new condition

The DiaMEND™ system provides outstanding results on polished concrete, natural stone and terrazzo floors. It is one of the most versatile and efficient solutions for floor restoration.

- Employs proprietary electroplated technology.
- No special equipment required. Use with your existing floor maintenance equipment for low start-up costs.
- Repair traffic patterns and stains before they become more costly issues.

- Use in-house maintenance crews or existing maintenance contractor, without the need for special equipment or training.
- Significantly longer life-up to 3X longer-versus other diamond restoration systems.
- Demonstrated equal performance vs competition.
- Diamonds are exposed on screens and don't require any break-in.

DiaMEND™ RED 220 Grit

Super aggressive to restore heavily damaged floors.

DiaMEND™ ORANGE 400 Grit

Use to remove minor scoring, lippage, wear and staining.

DiaMEND™ GOLD 600 Grit

Produces a satin smooth surface.

All DiaMEND™ screens are offered in 13", 14", 15", 16", 17", 18", 20", 21" and 27" sizes and can be used on weighted swing machines for smaller areas and automatic scrubbers for larger areas. Use on machines up to 350 rpm.

14" x 20" and 14" x 28" sizes are available for use on oscillating floor machines.

*15", 16", 18", 21" and 27" are non-stock items that are available by request.

Note: When placing a DiaMEND™ screen on a floor machine, the printed side is placed facing the machine.

Diamond Cleaning System floor maintenance guide

Floor type	How to clean	Recommended products	
Polished Concrete	Daily maintenance with Twister™ Green. Dry buffing is effective for higher gloss.	Hybrid™ Red ● Hybrid™ Black ● DiaMEND™ Red DiaMEND™ Orange DiaMEND™ Gold	Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ● Twister™ TXP Red ●
Terrazzo Marble Limestone Travertine	Ideal for upgrading and daily maintenance with Twister™ Green. Dry buffing is effective for higher gloss. On surfaces in good condition, treated with chemical crystallization, use only Twister™ Green for maintenance.	Hybrid™ Red ● Hybrid™ Black ● DiaMEND™ Red DiaMEND™ Orange DiaMEND™ Gold	Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ● Twister™ TXP Red ●
Vinyl (VCT)	For use on coated floors only. Twister™ Red can be used in scrub and recoat applications. Use Twister™ Purple for routine maintenance and Twister™ Gray to achieve a high shine on finishes in good condition.		Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ● Twister™ Purple ● Twister™ Gray ● Twister™ TXP Red ●
Rubber Flooring	Ideal for daily cleaning and polishing.		Twister™ White ○ Twister™ Yellow ● Twister™ Green ●
Ceramic Tile, Glazed Ceramic Tile, Unglazed Quarry Tile Porcelain Terra Cotta	Deep clean with the Twister™ Yellow pad and clean daily with the Twister™ Green pad.		Twister™ Yellow ● Twister™ Green ●
Resin Floor (Epoxy, Acrylic)	Older, heavily soiled floors can be cleaned with Twister™ Red. Use Twister™ Green for routine maintenance.		Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ● Twister™ TXP Red ●
Linoleum	Daily maintenance with Twister™ Green or Purple. Polish with Twister™ Gray.		Twister™ Green ● Twister™ Purple ● Twister™ Gray ●
Wood Floors	Finished wood flooring may be cleaned with Twister™ Green or Purple and polished with Twister™ Gray.		Twister™ Green ● Twister™ Purple ● Twister™ Gray ●
